

Empower Your Reiki Even More with Reiki Master and Medical Intuitive Tina Zion

Tina Zion, author of *The Reiki Teacher's Manual: A Guide for Teachers, Students and Practitioners*, will discuss 3 different ways that we can actually empower our own bodies to allow and even enhance the flow of Reiki.

Tina will also discuss how to increase our intuitive awareness during a Reiki session and how to present that information to the client for their benefit. There will be opportunities during the teleconference to ask Tina questions.

"Your classes are excellent. I even had a friend, who had taken classes elsewhere, comment about the quality of your teaching based on comments made while we were discussing Reiki."

~ H. B.
