

## **Need help getting started with your website?**

**We will create a professionally designed website for you for only \$295.00**

Excited about the idea of using our easy-to-use online website builder, but not sure how to get started? Our professional designers will build you a custom website for as little as \$295.00. Within 10 days of your commitment our team will have your site up and running for business, and **we provide you with the necessary training to easily update and maintain your site at no extra charge.** Once your site is live ... you pay only the low hosting fees. Fill in the form below to get **What you need, When you need it, Without the wait.**

### **Up to 5-pages**

You supply the text and we will create a custom, professional 5-page website for your business. Your website will be designed to look great, and be an effective tool for marketing your business and sharing information with your customers.

### **Up to 10 photos**

You can provide as many as 10 of your own photos to be used on your website. Or, if you'd prefer, we will choose the images that work best for your site from our vast library of stock images.

### **Basic Training included**

Your website will be easy to maintain and update because our web design team will build it using **wave3website** technology. With our basic training package (included) you can update your site quickly and easily without paying a web designer.

### **Built in Growth Potential**

Your website will grow with your needs. You can add as many pages as you like, including: images, sound, graphics, color, etc. (up to 350 megs of disk space) **wave3website services** is always expanding the capabilities of our software to stay on the cutting edge of technology. You will be included in our mailings when new options and upgrades are made available.

**Satisfaction Guaranteed** We work directly with you to design a site that reflects the professionalism and character your business deserves. If you are not satisfied with the initial design we will make whatever adjustments necessary to meet or exceed your expectations.

### **What are you waiting for?**

If you wait until you're ready you may never do it. Start today and have your site up within two weeks. Just fill in the form on the website providing the required information and submit it or call the number below, that's it. We'll take the next step by contacting you within 24 hours to set up an initial consult. We look forward to working with you . . . **The Wave 3 Websites Design Team**

**Need more than 5 pages and 10 images?**

**We can work that out too.**
